Positioning

Tell the applicant what is going to happen and what you want them to do:

- Tell the applicant briefly about the company and the job
- Position the applicant to tell you the truth
- Gather information
- Answer the applicant's questions

The Five Most Important Questions:

- 1. Tell me about the first job you ever had and what you learned from it.
- 2. Tell me about the achievements in your life you are most proud of and the obstacles or problems you had to overcome.
- 3. On a scale of 1 to 10, how would you rank yourself as a [job title/skill]? Why did you give yourself that number? What would it take for you to be an even higher number?
- 4. Tell me about your last performance review.

5.	What one question would you like to ask me? Of all the questions you could have asked, why did you choose that one?
